HISTORY

● I started my developer career in Dokuz Eylül University – Dept. of Computer Engineering, 2016.

● I have completed projects, homeworks in C#, Java, C, Python, Android Studio (Java).

● I graduated in July, 2020.

● I also built a database management system with .NET and C#.

● I built a database with PostgreSQL

● I started Dokuz Eylül University - Computer Engineering Department (MSc)

● I have completed projects, homeworks in Python about Machine Learning, Data Mining, Text Mining in MSc education with Python.

● I am about to graduate from Master Degree in July, 2023

● I joined CoreBit Tech as Full Time Full Stack Developer in February, 2021 during my MSc Education.

● I completed a lot of tasks in Back End and Front End.

● I took responsibility for the sale of cruise tickets on the BiziTravel website.

● I completed API Integration with IST (a cruise technology company) for Cruise System.

● I have also completed a TUBITAK project during April, 2021- May, 2022 with CoreBit Tech and my MSc Assistant Prof. Dr. Adil ALPKOÇAK (Computer Engineering Department Dean in İzmir Bakırçay University)

● I developed a batch system that retrieves cruise data from IST API automatically, I can set retrieval time from the database.

● I have also developed Database Structure for Cruise System in MySQL.

● I used AWS SQS Structure to retrieve cruise data automatically from the API.

● I also managed Cruise Integration process with Spain Company IST (https://ist-cruisetech.com/en/home/)

● I learned how to use FIBOS, FIQUES services of IST from documents that were provided by IST.

● I presented our process monthly about cruise integration to our agency customer that was interested in cruise.

● I started Full Stack Developer Job in Vestel (27.09.2022).

● I completed a lot of tasks with .NET Framework (Web or Console)

ABOUT ME

● I want to proceed as Web Developer (Full Stack (preference), Back End) in my career.

● I love fresh air.

● I am a non-toxic and overly tolerant person.

● **I will not be in an environment with cigarette smoke.**

● *I always escape from smoke. I don't have any health problems, but that doesn't mean I can be in a smoky environment.*

HOBBIES

★ Gaming (League of Legends Player Since 2013)

★ Walking

★ Chess

★ Reading

★ Questioning

★ Standing in the sea or in the pool (I also like swimming, but it can be tiring.)

★ Football (I am not a fanatic, I just like football)

★ Volleyball (I am not good at but I like)

★ Scrolling in social media platforms
